

INTERGITY

VIRTUE IN AN EVOLVING WORLD

FOR LEADERS WHO WANT TO ENSURE INTEGRITY AND ETHICAL PRACTICE

The need for Leaders to ensure integrity and ethical practice is paramount to trust, both in our organisation, and in our wider economy. In Virtue In An Evolving World is a journey that helps us to embed ethical practice in our context.

OUR JOURNEY TOWARD FUTURE PROOF PRACTICE:

We want to make sure that our people believe in, and practice, ethical ways of working. This is our best way to ensure that we don't fall victim to an ecosystem of corruption. In this journey share and expand upon our mutual understanding of why operating ethically is good for us personally, and for our business. We define the scenarios that are most likely to tempt us, and we build our approach to motivated resilience against corruption. During the day we understand the value of stories, support, checks and balances in building a strategy for organisational integrity. Emerge having constructed your unique and practical playbook for virtue in an ever evolving world.

DEFINING OUR PLAYBOOK FOR VIRTUE:

We connect, sharing our stories about the cost of corruption

Exploring the cost of failure to build our rationale for kindness and the good

Navigating our context to paint the scenarios where we lead with virtue

Creating our playbook and the framework that supports us for the good

We plan our strategy for sharing our playbook with our wider world

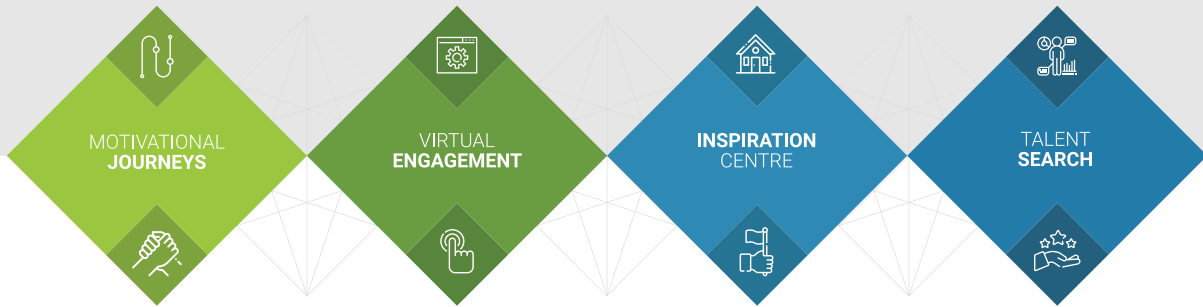

JOURNEY OUTCOME:

- Have a story about the rationale for kindness and the good and how it builds resilience against corruption

- Hold a strategy for sharing experiences that land a commitment to protect against unethical practices
